Unlocking Montessori Magic: Where Learning Meets Exploration

Summers at LePort Montessori are a journey of self-discovery designed to empower our campers to explore subjects that ignite their passion and curiosity. Using the essential tenets of the Montessori approach to elementary education, our project-based learning camp puts critical thinking, meaningful collaboration, and deep engagement at center stage - fueling curiosity and fostering mastery.

Each learning theme starts with a lesson designed to awaken curiosity and inspire students. It culminates with a public audience - allowing our students to showcase their deep understanding and share their discoveries with pride. Our cross-curricular approach and off-campus excursions mean all subjects are addressed and explored with fun.

Summer at LePort Montessori is **not** a passive endeavor but a thrilling adventure. We invite your child to unlock the magic of Montessori, where hands-on exploration and the pursuit of knowledge come together to create epic moments and lifelong learners.

Payment Policy:

Summer tuition must be paid in one payment with the application. Field trips will incur varying additional fees.

Cancellation Policy:

If you enroll in camp and your plans change, you can receive a full refund/credit for camp tuition, less registration fee. **Program change request must be received 2 weeks prior to enrolled camp week start date.** Participants who do not attend their registered camp week, or who do not contact us to cancel two weeks prior to start date, will not receive a refund or credit. By submitting your payment, you are agreeing to the policy outlined above.

Space

Ready for an out-of-this-world adventure? Prepare to go to the far reaches of the universe and dive into the mysteries of space. Our campers will become astronauts and take a hands-on learning approach as they design and construct everything from model rockets to space habitats.

Week offered: Week of June 9

In-School Presentation: Science Workshop

Week offered: Week of June 16

Off-Campus Excursion: Discovery Cube

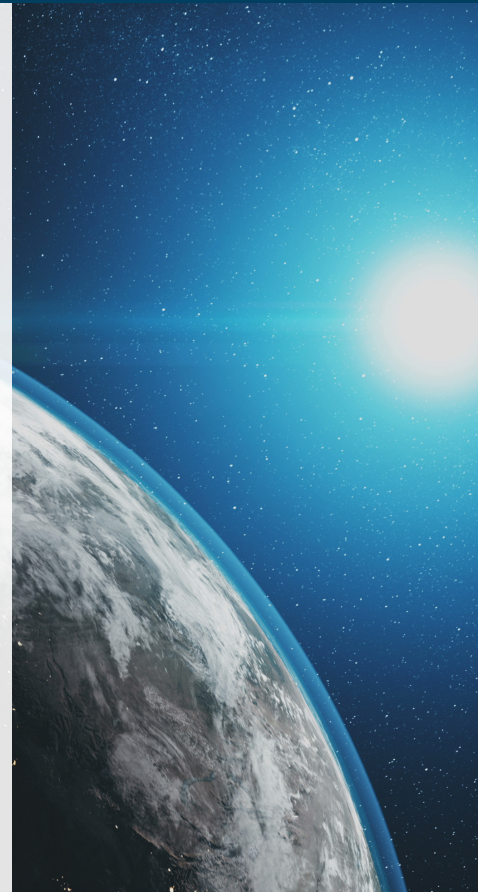

National Parks

In this experiential camp, students will delve into the history of our National Parks, uncovering the stories that make each park unique and gain a deep appreciation for their historical and ecological significance. Our campers will engage in project-based learning that allows them to become travel experts. They'll plan their journeys, compile supply lists, and craft travel brochures to showcase their chosen park. Our rangers will become the architects of their own National Park adventure!

Week offered: Week of June 23

In-School Presentation: Park Ranger

Camp offerings subject to change. View our camp web page for the most up to date schedule.

World Landmarks

Get your passport! Our campers will become world travelers, exploring landmarks from across the globe. Our cross-curricular approach combines history, geography, engineering, and creativity for a dynamic project-based learning experience.

Week offered: Week of June 30

In house presentation: Virtual Field Trip

Week offered: Week of July 7

Off-Campus Excursion: Lyon Air Museum

Ocean Explorers Camp

Dive into a world of wonder and discovery with our Montessori Ocean Explorers Camp! This unique summer experience will immerse your child in the fascinating world of oceanography - exploring ocean zones, ocean layers, ocean ecosystems, marine animals, and their habitats.

Our hands-on exploration will ignite their curiosity and love for science. Join us Under the Sea!

Week offered: Week of July 14

Off-Campus Excursion: Bolsa Chica Wetlands

Week offered: Week of July 21

In-School Presentation: Aquarium on Wheels

Camp offerings subject to change. View our camp web page for the most up to date schedule.

Architecture

Join our Montessori Design Camp, “Architects in Action,” where design, creativity, and problem-solving take center stage! In this camp, students collaborate to master the art of planning building layouts, roads, parks, and other features, all while considering functionality and aesthetics.

Week offered: Week of July 28

Off-Campus Excursion: Segestrom

Week offered: Week of August 4

In-School Presentation: Science Workshop

Project-based learning is a great way to spend your summer with fun and purpose!
