Unlocking Montessori Magic: Where Learning Meets Exploration

Summers at LePort Montessori are a journey of self-discovery designed to empower our campers to explore subjects that ignite their passion and curiosity. Using the essential tenets of the Montessori approach to elementary education, our project-based learning camp puts critical thinking, meaningful collaboration, and deep engagement at center stage - fueling curiosity and fostering mastery.

Each learning theme starts with a lesson designed to awaken curiosity and inspire students. It culminates with a public audience - allowing our students to showcase their deep understanding and share their discoveries with pride. Our cross-curricular approach and off-campus excursions mean all subjects are addressed and explored with fun.

Summer at LePort Montessori is **not** a passive endeavor but a thrilling adventure. We invite your child to unlock the magic of Montessori, where hands-on exploration and the pursuit of knowledge come together to create epic moments and lifelong learners.
