Unlocking Montessori Magic: Where Learning Meets Exploration

Summers at LePort Montessori are a journey of self-discovery designed to empower our campers to explore subjects that ignite their passion and curiosity. Using the essential tenets of the Montessori approach to elementary education, our project-based learning camp puts critical thinking, meaningful collaboration, and deep engagement at center stage - fueling curiosity and fostering mastery.

Each learning theme starts with a lesson designed to awaken curiosity and inspire students. It culminates with a public audience - allowing our students to showcase their deep understanding and share their discoveries with pride. Our cross-curricular approach and off-campus excursions mean all subjects are addressed and explored with fun.

Summer at LePort Montessori is **not** a passive endeavor but a thrilling adventure. We invite your child to unlock the magic of Montessori, where hands-on exploration and the pursuit of knowledge come together to create epic moments and lifelong learners.

Payment Policy:

Summer tuition must be paid in one payment with the application. Field trips will incur varying additional fees.

Cancellation Policy:

If you enroll in camp and your plans change, you can receive a full refund/credit for camp tuition, less registration fee. **Program change request must be received 2 weeks prior to enrolled camp week start date.** Participants who do not attend their registered camp week, or who do not contact us to cancel two weeks prior to start date, will not receive a refund or credit. By submitting your payment, you are agreeing to the policy outlined above.

World Landmarks

Get your passport! Our campers will become world travelers, exploring landmarks from across the globe. Our cross-curricular approach combines history, geography, engineering, and creativity for a dynamic project-based learning experience.

Week offered: Week of June 9

In-School Presentation: Animal Presentation

Week offered: Week of June 16

Field Trip: Movie/Play

Global Citizens

Our Montessori Global Citizenship Camp is an epic adventure where young explorers will unlock the wonders and mysteries of diverse cultures, all while having a blast! Students will immerse themselves in an array of captivating cultural experiences - from exploring customs, languages, and music - to creating vibrant art and savoring delectable foods from around the world. Your child will learn about the world, becoming an appreciative and empowered global citizen.

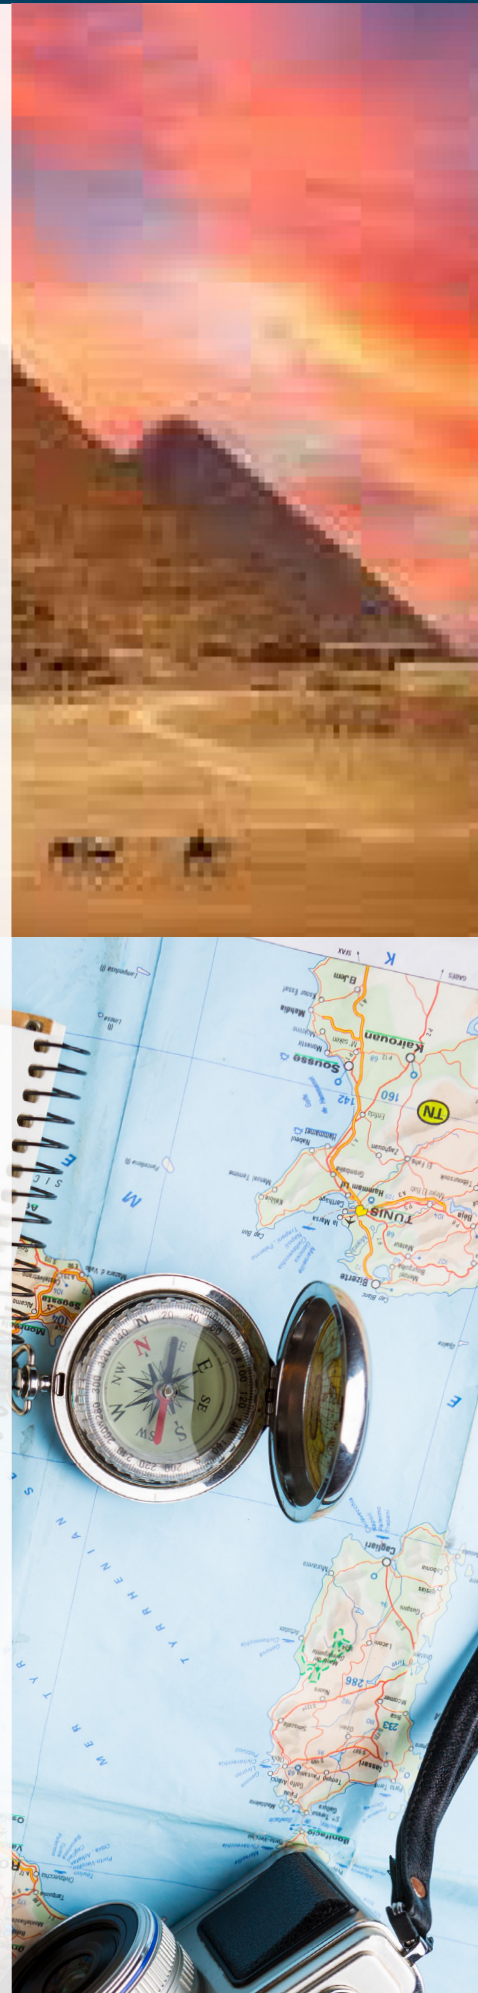

Week offered: Week of June 23

Off-Campus Excursion: Botanical Garden

Week offered: Week of June 30

In-School Presentation: Community Helpers

Camp offerings subject to change. View our camp web page for the most up to date schedule.

Architecture

Join our Montessori Design Camp, “Architects in Action,” where design, creativity, and problem-solving take center stage! In this camp, students collaborate to master the art of planning building layouts, roads, parks, and other features, all while considering functionality and aesthetics.

Week offered: Week of July 7

Off-Campus Excursion: Balboa Park

Week offered: Week of July 14

Walking Field Trip: Library

Sow, Grow, and Savor

Campers go on a delectable journey that not only tantalizes taste buds but also nurtures a deep connection with nature and the joy of healthy eating! Our Farm-to-Table camp is a hands-on culinary experience that begins by exploring the essential concept of sourcing fresh, locally grown ingredients and understanding the food journey from farm to plate.

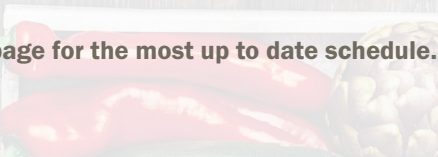

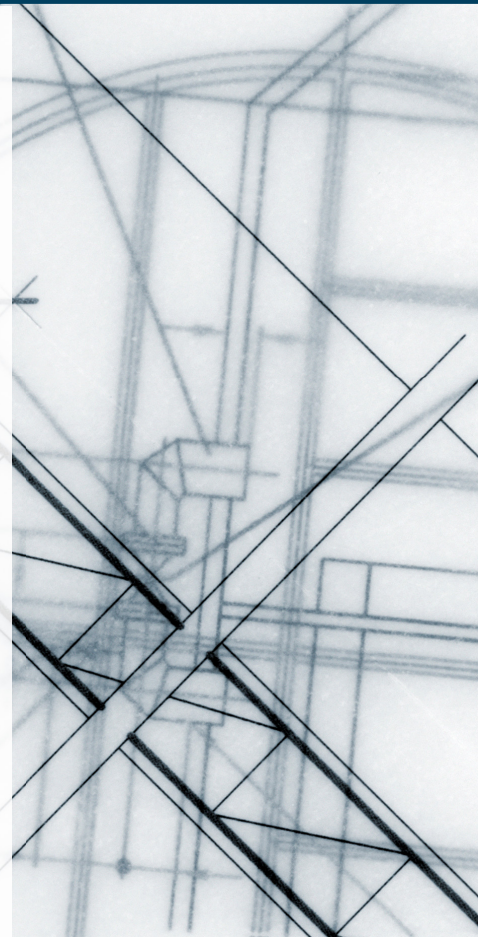

Week offered: Week of July 21

Off-Campus Excursion: Coastal Roots Farm

Week offered: Week of July 28

In-School Presentation: Cooking Lesson

Camp offerings subject to change. View our camp web page for the most up to date schedule.

Exploring the Physics of Water

Prepare to be awestruck by the mesmerizing world of water! Our Montessori “Physics of Water” camp will take students on an epic journey, sparking curiosity and a deeper understanding of this life-sustaining element.

Campers will conduct a series of captivating experiments, from watching ice defy gravity to observing the intriguing dance of a candle in water. We will embark on a quest to uncover the properties of water - exploring topics like the water cycle, the water table, and the pressing issue of water scarcity worldwide.

Week offered: August 4

In-School Presentation: Science Workshop

Project-based learning is a great way to spend your summer with fun and purpose!
